ABOUT COMPANY

With over a decade of excellence, Shrishti Aircon has emerged as one of India's leading HVAC solution providers. We specialize in end-to-end HVAC services—design, installation, maintenance, and annual contracts—catering to residential, commercial, and industrial clients. Our goal is to deliver reliable climate control with innovation, efficiency, and long-term value.

WHY CHOOSE US?

- 10+ Years of Expertise – Proven excellence across sectors
- PAN India Coverage – Fast, reliable service nationwide
- Certified Technicians – Trained experts with years of experience
- Trusted by Leading Brands – Reliable partners across industries
- Transparent Pricing & AMC Plans – No hidden costs, full clarity

VISION & MISSION

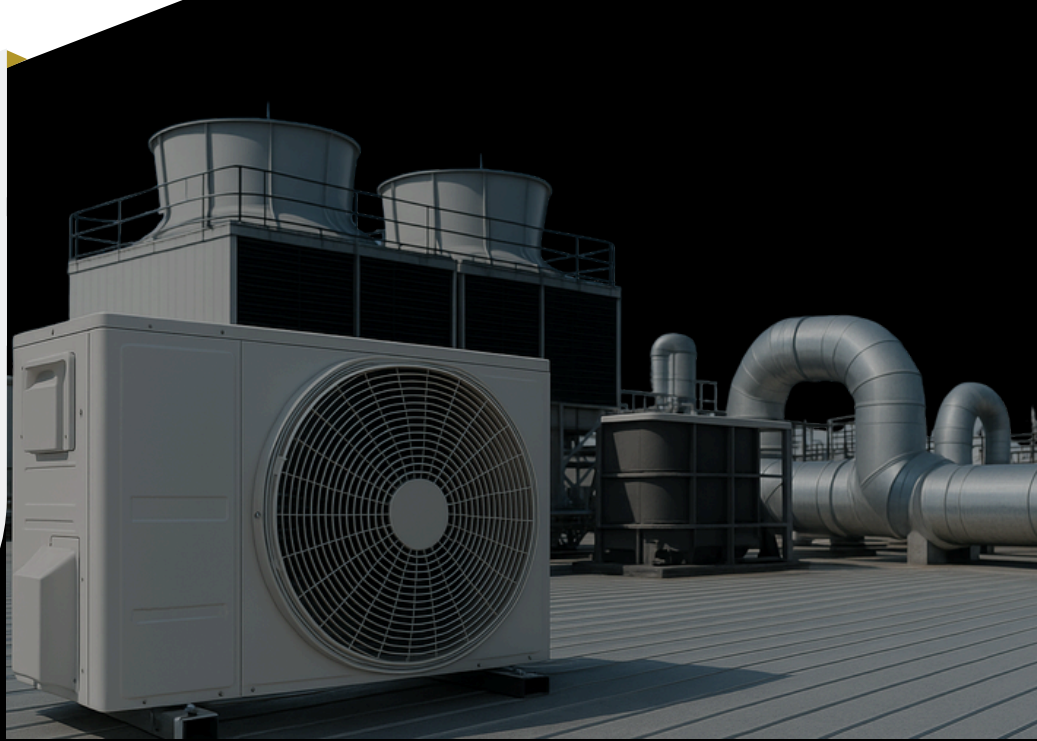

Vision

To provide quality services that exceed the expectations of our esteemed customers.

Mission

To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology.

CORE HVAC SERVICES

Design & Installations

Customized HVAC solutions using advanced technologies tailored to specific site needs.

Annual Maintenance Contracts

Periodic servicing and upkeep to ensure optimal system performance and cost savings.

Ducting, Insulation & Copper Piping

High-quality infrastructure ensuring smooth airflow and energy efficiency.

HVAC Consulting for Enterprises

Strategic guidance on selecting the right HVAC technologies for your business.

PRODUCT SOLUTIONS

Residential & Small Commercial Cooling

- Split ACs (1–5 tons) – Quiet and efficient for homes and offices
- Cassette ACs (2–10 tons) – Ceiling-mounted for aesthetic spaces

Centralized Cooling

- Ductable ACs (3–30 tons) – Ideal for floors, restaurants, and hospitals
- VRV/VRF Systems – Smart cooling for multi-zone spaces like IT parks

Industrial & Heavy-Duty Cooling

- Chiller Plants (50–1,000+ tons) – Used in large buildings and healthcare
- Water-Cooled Packages – For high heat load environments like data centers
- Precision ACs – $\pm 0.5^{\circ}\text{C}$ accuracy for labs and server rooms

Industries We Serve

- Residential – Home comfort and efficient air quality
- Commercial – Office buildings, showrooms, and retail outlets
- Industrial – Manufacturing units, warehouses, and factories
- Healthcare – Hygienic and temperature-controlled environments
- Hospitality – Enhanced guest comfort in hotels and restaurants
